

Bighorn Gun Safes

Bighorn™ gun safes offer the "best bang for the buck" on the market today. Rock-solid, heavy-bodied construction, with great fire ratings but without lots of frills, at the industry's best prices. These safes are built with 10 gauge steel and weigh much more than a lot of the competitors who use 12 gauge (thinner) steel.

Bighorn Safe Features:

- Attack Proof External Hinge System
- Drill-Resistant Armor
- Two Internal Relockers
- Massive 1" or 1 1/2" Diameter Doorbolts
- 4" Thick Composite Door
- 1200° / 70 Minute Fire Rating
- Plush Adjustable Interior
- Certified Protective Lining
- Seamless Continuously Welded body
- Pry-proof Door

Model	Gun Capacity	Dimensions	Cubic Feet	Weight
600	22	59 x 30 x 24	25	700
6039	30	59 x 39 x 24	32	830
7144	48	71 x 44 x 26	47	1050
